

The 7 respeggt rules

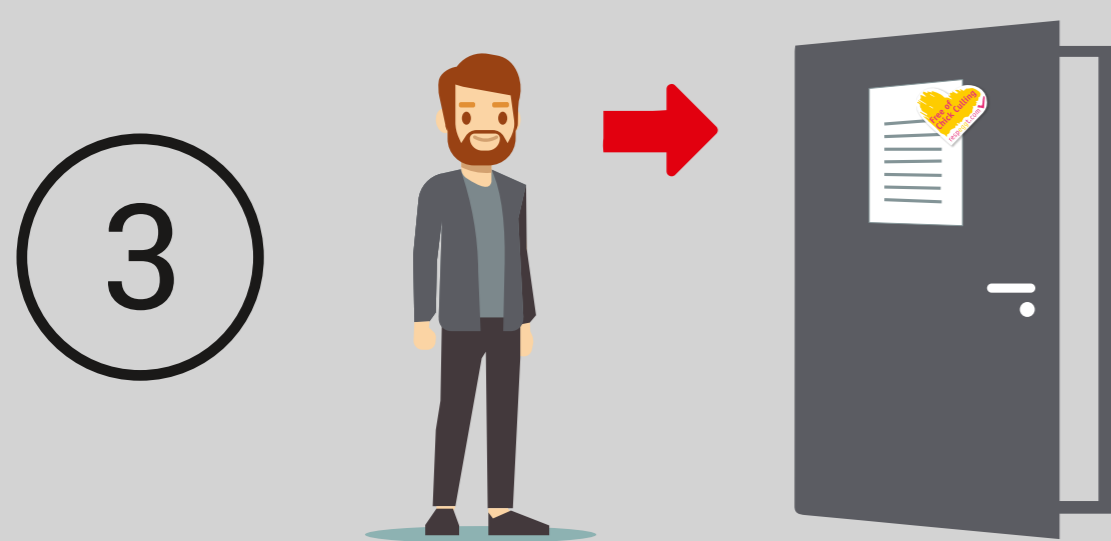

Requirements for laying hen farms

1 All employees must know and follow the respeggt rules for the rearing of respeggt laying hens.

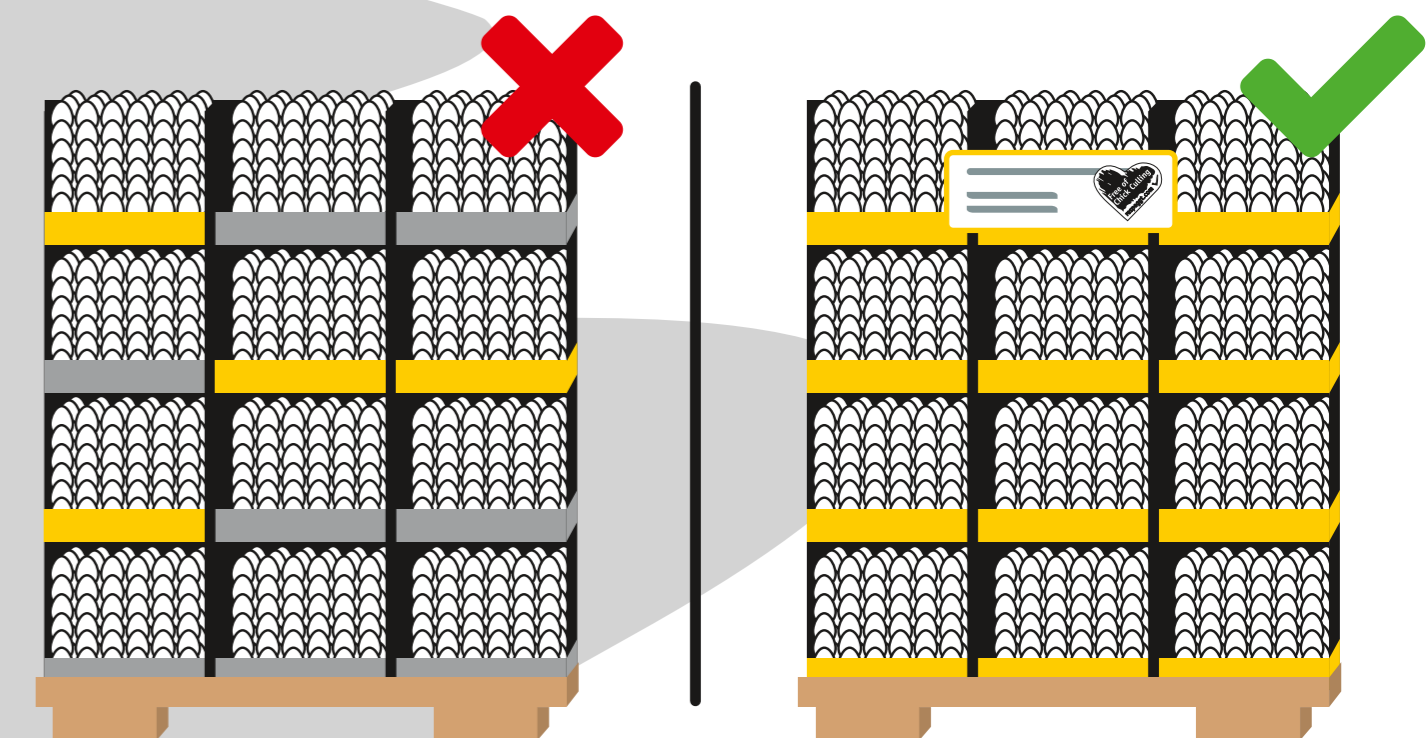

The respeggt laying hens must **never** be mixed with conventional laying hens.

The **respeggt flock passport** must be visibly displayed in the **barn of the respeggt laying hens**.

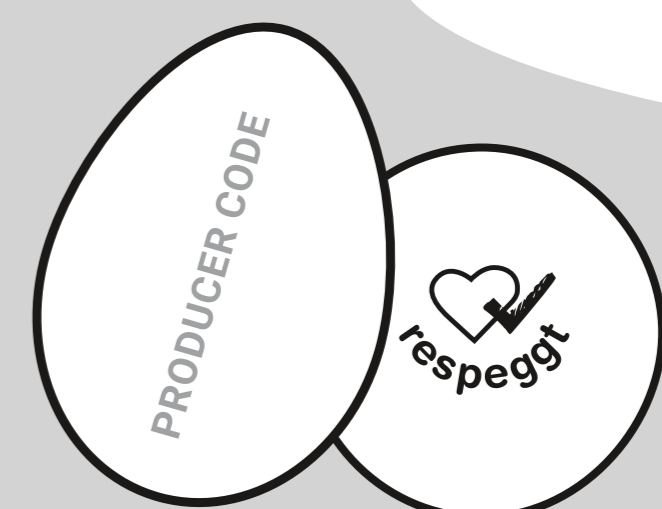

4 The eggs of the respeggt laying hens must always be collected, internally transported, sorted, packed on trays and palletised **separately** from conventional eggs.

5 All relevant documentation, such as delivery notes, transport documents and invoices, must always be marked with the reference **respeggt FoCC** (Free of Chick Culling) or with the respeggt document stamp.

6 The laying hen farm must print the **producer code** onto the eggs in such a way that the packing centre can properly print the respeggt stamp onto the head side. An overlapping of the two prints is not permitted.

7 Employees of **respeggt group** may visit the laying hen farm at any time.
