

The 7 Respeggt rules

Requirements for packing centres

- 1 All employees must know and follow the Respeggt rules for the handling of Respeggt eggs.

The Respeggt eggs must always be collected, internally transported, sorted, packed on trays and palletised **separately** from conventional eggs.

- 3 All relevant documentation, such as delivery notes, transport documents and invoices, must always be marked with the reference **Respeggt FoCC** (Free of Chick Culling) or with the Respeggt document stamp.

- 4 The use of the heart-shaped **Respeggt label** on packaging for end consumers requires the prior written **consent** of Respeggt.

- 5 Optionally, you may also print the **Respeggt stamp** on the head side of the individual Respeggt eggs.

To **verify the authenticity** of the Respeggt eggs being sold, the receiving packaging centre must check the **producer code** of the eggs on the website www.respeggt.com during the control of the incoming goods.

- 7 Employees of **Respeggt group** may visit the packing centre at any time.
